## Big Island Eruption Encounter

**Hilo, Hawaii**

**Duration:** 6 hours

**Activity Level:** Challenging

**ADULT FROM:** \$139.00 USD

**CHILD FROM:** \$139.00 USD

The ongoing Volcanic Eruption on Hawaii Island has opened an access highway allowing us to show you the area and its impacts from a safe distance. Leaving your ship, we will travel a short distance to Liliokulani Gardens a well-maintained botanical setting overlooking Hilo Bay where we will have a brief stop for photos.

Continue through urban Hilo and the outlying suburbs toward Pahoa town, you will see the Transfer Station that avoided inundation by a few yards and a section of roadway that was covered and cleared giving a unique view of the impact of a flow through a populated area.

We continue driving through Pahoa Town which is the current center of Evacuation and Disaster management for the ongoing event. You will see and experience Sulphur steam venting right at the highway edge as we pass by on steel plates covering cracks in the road surface.

Heading back down to sea level we arrive at Kalapana Painted Church, which was moved to its present location from advancing lava during a large 1992 lava flow that came from miles away.

Next stop is Uncle Roberts Cultural Enclave where you will walk out on to the new black sand beach, viewing the fissure plume rising into the air and the steam clouds generated as lava enters the sea.

You will then have time to buy a snack or drink at Uncle Roberts or next door at the Kalapana Store before we head off for a scenic ride along the coastline to the sea arch and turtle viewing spot, passing through beautiful tunnels formed by arching trees. We will then return to Hilo area via the Macnut Farm with opportunities to buy Macnut gifts or indulge in ice cream or lite snacks (at guest's expense).

We will then travel to Rainbow Falls passing through Historic Hilo Town which itself has survived two modern era tsunamis and sits on lava flows from ancient times.

## Volcanoes National Park

### Hilo, Hawaii

**Duration:** 4 1/2 hours

**Activity Level:** Easy

**ADULT FROM:** \$59.00 USD

**CHILD FROM:** \$49.00 USD

Spectacular volcanoes, craters and steam vents are waiting to be explored at Hawaii Volcanoes National Park that has recently reopened after a period of tumultuous volcanic activity. The landscape of Volcanoes Park has dramatically changed as the floor of the Kilauea crater sunk over 1,500 feet and the overall caldera quadrupled in size and widened by over a square mile.

Today, the explosive eruptions, earthquakes and ash clouds have been replaced by remarkable changes in the summit area that your guests will observe on their Volcanoes and Blossoms Tour experience.

The highlights of this exciting tour include approximately half hour visits at each of the following destinations in Hawaii Volcanoes National Park while riding to each stop in comfort on mini-coach vehicles. They'll walk through the Kilauea Visitors Center to receive information on the Park's current conditions, view educational exhibits and interact with park rangers. Then they'll be engulfed in rising steam as ground water seeps down to the hot volcanic rocks at the Steam Vents. The area between the edge of Kilauea's caldera and the outer cliffs are treeless because the extreme heat destroys their roots; only shallow-rooted grasses and other hearty plants survive here. Unforgettable views for miles are offered from Kilauea Iki Overlook. Kilauea's massive size and scale is realized from this vantage point and

Halemau'uma'u Crater and Mauna Loa are seen in the distance. Guests visit the famous Akatsuka Orchid Gardens established in Volcano, Hawaii in 1974. Akatsuka is known world-wide for their impressive collection of Cattleya orchids and cultivation of Anthuriums, Bromeliads and more. Guests browse the 13,000 square foot tropical plants. Between May and August a \$20,000 award-winning, one-of-a-kind orchid is on display that blooms just once a year.

The Volcanoes National Park Tour is not to be missed and includes round-trip transportation from the pier on full-size minibuses.
